

COMPANY PROFILE

THE COMPANY

7Six Solutions Nig. Ltd, an engineering services company with expertise in systems integration was established by experienced professionals in both fields. Our goal is to apply our vast knowledge in both fields to provide reliable and cost effective solutions that meet and exceed the expectations of our clients.

7Six Solutions Nig. Ltd is an indigenous company established with a strong belief that we can provide our clients with services matching international standards by employing the best technologies.

We achieve our mission through the high quality services we deliver, with a flexible approach to cater for each client's peculiar needs/expectations employing the best technologies.

Our executives have strong project management skills and are certified by international project management bodies.

Our Areas Of Specialization Are:

- Fixed & stabilized VSAT systems (C-band, Ku-band & Ka-band)
- Supply of Electrical Distribution Product and Equipment up to 66KV
- Managed Services
- Last mile solutions on Fibre and Microwave
- IP packet Transmission Devices
- IT consultancy
- Procurement
- Project Management

Our strength lies in our expertise and giving a listening ear to the client for tailored solutions that fit their peculiar needs.

In 7six Solutions Nig. Ltd, we believe that the modern engineering solutions environment is complex and collaboration is required among technology owners. 7Six Solutions Nig. Ltd aims to be the best. To achieve this goal, we partner with the relevant OEM's to deliver our client's projects.

QUALITY POLICY

Creating an environment to continuously improve the effectiveness of the quality management system with a commitment to comply with the requirements.

Promote effective monitoring and quality management on all our projects and ensure that the policy provides the required guide for establishing and reviewing the quality objectives.

Ensuring that the policy is communicated and understood by all team members and it is continually reviewed for suitability with the aim of providing the best services to our customers.

HSE MANAGEMENT

To conduct its business activities in such a way that the health and safety of its employee and third party contractors is safeguarded and that damage to property and the environment is reduced to the barest minimum.

In principle the management agrees that all accidents are preventable and that we can attain the zero target with the right working tools and philosophy.

Our Company has laid down rules for its employees and third party contractors and will provide equipment that are in good working condition and also maintain a strict system to ensure complete adherence to these laid down safety rules

Our Vision

To be the first choice service provider by providing innovative and reliable service to our clients. Adding value to our customers business through simple technology solutions. Delivering optimum quality, time and cost value to our clients while providing excellent service.

Our Mission

To be an indigenous reference point while delivering professional excellence, customer service and high standards in Health, Safety and Environment.

How We Do It

We offer optimized full turnkey solutions, and maintain high standards by a process of continuous improvement, by using lessons learned serving a diverse range of clients and implementing a range of equipment types in multiple environments.

7Six Solutions Nig. Ltd. strategy is to ensure that high quality, cost-competitive services are provided from the best possible mix of onshore and offshore locations. This enables our clients to respond quickly to changing market dynamics.

7Six Solutions Nig. Ltd. has a combined knowledge base of over 50 years with its senior management and through a process of progressive elaboration on projects, we have refined our techniques and honed our skills to keep pace with developments in the industry, gradually broadening the spectrum of our services in a managed fashion to meet the increasing requirements of our clients as the management of networks evolves. Our loyal and motivated staff and supplier/subcontractor base operate according to internationally accepted industry practices in every field we operate in, ensuring the delivery of safe and functional solutions that are fit for purpose.

PRINCIPAL TELECOMMUNICATION ACTIVITIES

TRANSMISSION NETWORK

Microwave

- Planning
- Rollout
- Commissioning
- Optimization: IPRAN Transmission Engineering, Software defined Network Implementation(SDN), E-band Microwave Radio Transmission.

Fibre Optic

- Trenching
- Real Testing
- Cable Splicing

Satellite Network

- Installation of Fixed and Stabilized VSAT Systems
C-band, Ku-band & Ka-band

SITE BUILD

- Project Management
- Site Survey
- Installation of Equipment Shelters
- Procurement/ Material Management
- Utility Grid Connections

MANAGED SERVICES

- Diesel Supply
- Personnel Lease
- Site Audit
- Maintenance Contracts

PRINCIPAL ELECTRICAL ACTIVITIES

- Electrical Distribution
- Supply and Installation of Uninterrupted Power Systems (APC/Gutor)
- Supply and Installation of Prepaid Meters and Vending Servers
- Supply of Switch Gears, Circuit Breakers, PV Panels...
- Supply, Installation and Maintenance of Distribution Transformers 50kva - 7500kva
- Supply and Installation of Off Grid Solar Solutions (Hybrid Inverters, PV Pads, Deep Cycle Batteries)
- Data Center Solutions

**ELECTRICAL DISTRIBUTION AND INDUSTRIAL
AUTOMATION SCOPE**

Boxes, Cabling & Interfaces

Building Management System

Busway & Cable Management

Cooling Solutions

**Data Centers and Server
Rooms and Wiring Closets**

Din rail modular devices

Fuse Switches

**HMI (terminals and industrial
PC)**

**Industrial & Specialized UPS
and Power Conversion**

Insulation monitors

**Interface, Measurement &
Control Relays**

IT Power Distribution

IT Services

Motion & Drives

Motor Starters

**MV Disconnectors, Switches,
Switch-Disconnections,
Reclosers**

MV Instrument Transformer

MV Switchgear

**MV/LV Prefabricated
Substations**

Network Connectivity

PAC, PLC & other Controllers

LIST OF PROJECTS (COMPLETED/ONGOING)

S/N	DESCRIPTION	CLIENT/STATUS
1	Installation and Integration of a Wireless Bridge between Monipulo Agbani FPF and Knock Adoon FPSO	Monipulo Limited/Completed
2	Installation of 2.4 Meter Stabilized Seatel 9797 Unit for VPN/Internet Access at CAMAC Petroleum Energy Searcher Drill Ship	Inq. Digital Nigeria Limited/ Completed
3	Upgrade of Andrews 7.3Meter ESA at Chevron Nigeria Limited	Inq. Digital Nigeria Limited/ Completed
4	Installation of 2.4 meter Orbit AL-7108 for VPN/Internet to Amni Petroleum Armada Perkasa FPSO	Inq. Digital Nigeria Limited/ Completed
5	Installation of VSAT link for VPN Access at FID Owerri	Stratosat West-Africa Limited/ Completed
6	Installation of VSAT link for VPN Access at Path Care Limited Port-Harcourt	Stratosat West-Africa Limited/ Completed
7	Installation of point-to-multipoint BWA Base Stations	Inq. Digital Nigeria Limited/ Completed
8	Installation of a VSAT link for VPN Access at Heritage Bank Owerri	Stratosat West-Africa Limited/ Completed
9	Installation of a 2.4 Meter Stabilized Intellian V240C ESA for the extension of Oando Nigeria WAN to OES Respect Drilling Rig	Inq. Digital Nigeria Limited/ Completed
10	Installation of a 2.4meter Stabilized Seatel 9797 antenna at Century Energy FPSO Tamara Tokoni for VPN access to Century Energy HQ	Inq. Digital Nigeria Limited/ Completed
11	Supply of Midwifery Kits to NPHCDA various cold stores(10+ Lots)	National Primary Health Care Development Agency/ Completed
12	Provision of Support services for ORP at SPDC (ongoing)	Shell Petroleum Development Co./Ongoing
13	Call-Out Contract for installation/maintenance of VSAT(Nationwide)	Inq. Digital Nigeria Limited/Ongoing
